Military REACH Mobile Application 1

Dictionary Terms 720+

8 Research Reports created on topics spanning the spectrum of family support, resilience, and readiness.

Feedback from the Department of Defense:

"The practical implications captured in this report will be very helpful to our service providers. Overall, the evidence-based information provided will help us continue to enhance the Relocation Assistance Program tools, products, and services."

"Thank you very much for the final report. [It] did, indeed, provide excellent support for some of my report to Congress."

Military Family Articles Identified 1,400+

4 Trainings to 200+ Military Family Service Providers discussing the importance of research-based service provision and how to utilize Military REACH resources in their work.

144 Research Summaries
Translating Research Into Practice (TRIP) reports

Feedback from researchers:

"I really like how [our article] was summarized, because it stayed true to our study's intended purpose. It is good to know that this is a topic that the DOD has an interest in! **This gives me the impetus to continue this line of research.** *Thanks so much!"*

– Associate Professor, Sociology, University of Central Florida

"This is a wonderful summary, and we are grateful the Military REACH team highlighted our work. **Thank you for making research more accessible to Veterans, families, and care teams!"**

– Assistant Professor, Department of Internal Medicine, University of Utah
